This year, we are taking a BIG leap of faith in having more breakout sessions and speakers than ever before – there were so many good proposal choices! We know it makes it harder for you to choose, but we tried to pair things together that were different levels of experience and interest. To help us gauge room space and materials, please pre-register for the breakout session of your choice in each time slot. We realize there may be last minute changes for you, but this gives us a baseline approximation. Thanks!
